**NOTICE OF PUBLIC COMMENT PERIOD REGARDING AN
APPLICATION TO REVISE A PERMIT TO CONSTRUCT AND OPERATE
AN AIR POLLUTION-EMITTING SOURCE**

PROPOSED ACTION: Fiberglass Systems, Kuna, Idaho applied to the Department of Environmental Quality (DEQ) to revise a permit to construct and operate an air pollution-emitting source located at Block 2, Lot 4 of Swan Falls Business Park in Kuna, Idaho. DEQ has determined that construction and operation according to the proposed revision will not cause or significantly contribute to a violation of any ambient air quality standard and will not injure or unreasonably affect human or animal life or vegetation. DEQ has reviewed the application and completed an analysis of the information submitted by the applicant regarding revision of the facility's existing permit to address applicable requirements, and treat the facility as new for the purposes of 40 CFR 63, Subpart WWWW. Based on this analysis, DEQ proposes to issue the revised permit to construct to Fiberglass Systems, Kuna, Idaho.

The application materials, the proposed permit and Statement of Basis are available for public review on DEQ's website at <http://www.deq.idaho.gov>.
